

Brandon Alister L. Quijana

Sales Associate | Technical Support | Web Designing | AI Implementation

Angeles City, Pampanga Philippines | brandonalisterquijana@gmail.com

PROFILE

I am a motivated and adaptable professional with a background in Sales, Technical Support, Web Designing, and a growing interest in AI Implementation. As a fresh graduate in Computer Science, I bring a well-rounded skill set developed through hands-on on-the-job training and academic projects. In my previous roles, I've provided technical support during live events, assisted in sales and inventory operations, and contributed to UI/UX design projects using tools like Figma. I am also exploring the potential of AI-driven solutions to improve business processes and enhance customer experiences. With a strong commitment to learning and collaboration, I aim to deliver practical, tech-driven results while continuously growing in a dynamic professional environment.

CAREER

Technical Support / Retail Operations Assistant
11th Asian Age Group Aquatics Championships

February 26 to March 9, 2024

- Conducted routine checks on internet connectivity and router performance, ensuring stable and high-speed network access across various event sections.
- Assisted in the cafeteria's QR-based logging system streamlining the check-in process for athletes and staff.
- Supported print station operations and provided technical assistance for network-related tasks contributing to seamless event coordination.

UI/UX Development Department
Simplevia Technologies

April 22, 2024 – July 1, 2024

- Designed responsive and user-friendly web pages using **Figma** for a Local Government Unit (LGU) in the Philippines aligning with branding and accessibility standards.
- Developed interactive prototypes to enhance the functionality and visual appeal of web interfaces.
- Collaborated effectively with the design team, demonstrating strong communication skills and adaptability in a professional design environment.
